PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1c (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1c.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

This installation is located just north of Trekhostrovskaya and approximately 65 kilometers (km) from Volgograd. The entire installation covers 66 acres and is comprised of 2 general storage areas, a barracks area, a quarters area, and a motor park/vehicle maintenance area. The motor park is partially fenced and contains 2 rows of vehicles

and open storage scattered throughout the area.

A comparison of []

[] reveals no major changes except the addition of 1 barracks in []

[] This installation appears active on all missions, with the most vehicles present in []

DESCRIPTION OF INSTALLATION

Road Service

This installation is served by poor, loose-surfaced roads which connect to secondary roads in the area. Located on the west side of the Don River, with no bridges in the immediate area, this installation has no direct access to the Volgograd area.

Administrative and Troop Housing Areas

Area D1 contains 3 multistory possible barracks.

Area D2 contains 51 quarters and 2 administration buildings.

General Storage Areas

Area E1 contains 1 storage building and a possible building foundation or open storage area.

Area E2 is separately fenced and contains 6 storage buildings.

Equipment Storage/Maintenance Area

Area J is a 1,100- by 950-foot vehicle/equipment park and contains five 150- by 45-foot vehicle storage/maintenance buildings, one 170- by 55-foot multistory vehicle maintenance building, and 4 support buildings.

The area also contains a row of probably 50-60 cargo-type vehicles with a row of possible tractors or artillery pieces immediately behind it. There is open storage throughout the area however; the scale of the photography precludes identification of vehicles and materiel.
